"Here she is with John Legend her husband," Kelly said. "She has, by my count, three minions following her – that's minions in her view – following her, holding the dress or the train of her non-existent dress."

"I can see underwear, okay?" she added. "I can see London, I see France, I see Chrissy's underpants, which nobody shows underpants at the White House correspondents' dinner. Okay Chrissy? They just don't do it. And nobody shows up with serfs to carry their train which there shouldn't be on your White House correspondents' dinner dress anyway, because it's barely a formal event."

Chrissy Teigen walked into the dinner with a few servants behind her to carry her dress. The White House Correspondents' Association Dinner has essentially become the Oscars. So much for journalists speaking up for the little guy!

Chrissy Teigen is getting blasted for having a few servants hold her dress at the White House Correspondents' Association Dinner. I'm not sure why. She's been very clear about how much of a horrible person she is. She literally told teenagers to kill themselves and never apologized for it.

After arrests were made and the occupiers cleared out of the buildings, video of the inside of Nelson Hall East showed graffiti throughout the building with messages such as "Land Back Now," "Death 2 America," and "Intifada Forever."
